

S-BIOTIC

COMPLEMENTARY FEED FOR DOGS AND CATS

ESSENTIAL S-BIOTIC is a symbiotic product that **contains live lactic bacteria, prebiotics and vitamins** that help maintain normal intestinal function in dogs and cats.

ESSENTIAL S-BIOTIC contains **Enterococcus Faecium** which acts in synergy with MOS (Mannanligosaccharides) and Nucleotides, derived from **Saccharomyces cerevisiae**, carrying out a symbiotic action.

The B Vitamins, Zinc Chelated with Amino acids and colostrum

contained in **ESSENTIAL S-BIOTIC** help support a physiological immune system and the natural integrity of the intestinal barrier.

VITAMIN FROM GROUP B

ZINC & AMINO ACIDS

ENTEROCOCCUS FAECIUM

PREBIOTICS & PROBIOTICS
